FIRST BRUSH ON HISTORIC SOIL

Montague and Martin
May Lock Horns at
Spotsylvania.

GOVERNOR DECIDES TO OPEN THERE

If Senator Is on Hand the Exec-
utive Will Speak and May
Challenge the Former to
Joint Discussion—A
Great Crowd
Expected.

Next Monday may turn out to be the
most exciting and interesting day in
Spotsylvania county since the Civil War,
for it is not altogether unlikely that
that historic soil Governor Montague
and Senator Martin may measure swords
in their initial battle for the Democratic
nomination for the seat now held in
the United States Senate by the latter.

Governor Montague last night author-
ized the statement that he would attend
Spotsylvania court on Monday, and while
it is not definitely known that he will
make an address to the voters it may
be stated that he will do so if Senator
Martin is present, and in the latter event,
it is very probable that the Governor
will offer the Senator a formal challenge
to meet him in joint debate.

If it shall develop that these two
leaders will lock horns before the people
of this old county a great time may be
expected, for in almost every section of
the State, the lines are already tightly
drawn between the factions of the party
of which they are the respective leaders.

Governor Will Go.
There is no doubt as to Governor
Montague's intention to attend. He will
leave here on an early train Monday
morning for Fredericksburg, and will
arrive there at the time of the court
which will be the first campaign trip out
in the State, and will, to all intents and
purposes, mark the real opening of what
promises to be the greatest stump cam-
paign in Virginia since the days of Henry
A. Wise.

Will Come Shortly.
Matters may take a turn on Monday
which will lead to an opportunity for
a joint debate between Governor Montague
and Senator Martin, but from what
is known of the situation, it is believed
that this stage of the canvass will not
be long deferred, and that before many
weeks the voters will know whether to
elect persons of the party of the
letter or of the party of the word.

Senator Martin has been earnestly at
work since the adjournment of Congress.
He has been in the section where the
Governor will go on Monday, and will
arrive there at the time of the court
which will be the first campaign trip out
in the State, and will, to all intents and
purposes, mark the real opening of what
promises to be the greatest stump cam-
paign in Virginia since the days of Henry
A. Wise.

PRESIDENT'S FAMILY TO CRUISE IN SOUTH

(By Associated Press.)
WASHINGTON, March 29.—It is stated
that Mrs. Roosevelt, accompanied by some
of her children and relatives, will leave
Washington Friday for the South, prob-
ably Jacksonville, Fla., where they will
go aboard the yacht Selma for a short
cruise. The President, it is said, desires
that his wife and children spend some
time on a cruise, believing it will benefit
them. Mrs. Roosevelt contemplates re-
turning to Washington in twelve or fifteen
days. While she is away Miss Alice
Roosevelt will be in charge of the White
House.

KING EDWARD NOT TO GO TO COPENHAGEN

(By Associated Press.)
LONDON, March 29.—King Edward has
decided not to go direct to Copenhagen
as previously planned, but to present at
the celebration of King Christian's birth-
day, April 28th. When he leaves England,
April 6th, he will go to Marseilles. The
following official announcement on the sub-
ject was made to-night:
"The King and Queen are not going
together to Copenhagen. His Majesty pro-
poses towards the end of the next week
to join the Queen on the royal yacht in
the Mediterranean."

DR. BAXLEY REMOVED FROM PROFESSORSHIP

BALTIMORE, Md., March 29.—The
American Medical Association, as a consequence
of his arrest in Portland, Maine, on the
charge of personating another in a medi-
cal examination, Dr. Houghton Baxley,
of this city, was today at the meeting
of the faculty for the purpose, expelled
from his professorship of pathology, the
Baltimore University School of Medicine.

KANSAS CITY, March 29.—The Journal
to-day says:
"The Standard Oil Company is to un-
dergo a grand jury investigation by the
Federal government, such as the beef
trust is now burdened with in Chicago.
The oil-trust investigation is to take
place in Topeka, according to a govern-
ment official here, and is to begin in a
couple of weeks. Incidentally, the rail-
roads are to be drawn in. A grand jury
was drawn at Topeka a few days ago,
ostensibly to look after the regular crim-
inal business of the Kansas Federal Court.
It will attend to that business, but its
real task is to investigate Standard Oil
methods. Great secrecy is maintained in
regard to the matter. The names of the
jurors will not be given out."
"From the same source it is learned
that Commissioner Garfield will aid in
the grand jury investigation in Kansas."

Deprive Them of Franchise.

(By Associated Press.)
JEFFERSON CITY, Mo., March 29.—
Attorney-General Hadley today filed in
the Supreme Court an application for a
writ of quo warranto for the purpose of
depriving the Standard Oil Company, the
Republic Oil Company and the Waters
Pierce Oil Company, of their fran-
chises for doing business in Missouri.
The Supreme Court issued the writ and
made it returnable to the court, on April
10th. The application charges the com-
pany with being in combination to con-
trol prices and the supply of oil in the
State.

45,000 MINERS WILL STRIKE ON SATURDAY

Committee Adjourns Without
Reaching Agreement on
Wage Scale.

(By Associated Press.)
ALTOONA, Pa., March 29.—The oper-
ators and miners of the central bituminous
district of Pennsylvania, after being in
conference in this city almost continu-
ously since March 16th, endeavoring to
agree upon a wage scale to go into ef-
fect April 1st, adjourned finally to-day
without coming to an agreement. The
failure to agree means a suspension of
work by the 45,000 organized miners of
the district at the end of the present
month. When the joint scale com-
mittee met to-day the operators stood upon
their proposition for 10 per cent. reduc-
tion for the first half of the approaching
mining year and the present scale, based
upon sixty-two cents for pick mining,
for the second half of the year. The
miners' ultimatum demanded a renewal of
the present scale for the full year. No
agreement being possible, the scale com-
mittee adjourned finally. The action of
the miners on the committee was ap-
proved by the miners' convention, which
then adjourned.

PRODIGAL SON RETURNS HOME

Kidd Shae, After Years of Way-
wardness, Returns to His
Native Heath.

PARDONED BY THE GOVERNOR

In Jail Here on Trifling Charge,
Is Restored to His
Parents.

Kidd Shae, who, when 16 years of age,
left his home in the far off State of Wis-
consin, to "see something of the world,"
and who never until recently acquired his
parents of his whereabouts or move-
ments, was yesterday released from the
city jail in Richmond, upon a pardon from
Governor Montague, and is now speeding
as did the "other prodigal son" back to-
ward his native home.

Shae was on March 2d committed to the
city jail by Justice Crutchfield on the
charge of petit larceny, and given a term
of six months. Here the young man, now
twenty-four years of age, brought him-
self to the attention of the court, and de-
termined to lead a better life.
So hard as the struggle must have been,
he wrote his mother in Wisconsin for
money, with which to return home.

Sister Took Him Home.

Instead of the money, a sister—a beau-
tiful young woman—upon whom Shae had
not laid eyes on in eight long years, ap-
peared Tuesday and on yesterday, with
the assistance of Mr. H. M. Smith, se-
cured the young man's release. Brother
and sister are now on their way to Wis-
consin, where there will likely be a happy
reunion when they arrive. Overtures
of forgiveness have already been made,
and Kidd Shae says he will now lead
an honorable life.

While the term of Shae had barely be-
gun, two considerations led the Governor
to extend the hand of mercy. The one
was the prisoner's wretched health and
the other was a condition written in
the pardon by the Executive himself, that
the man should accompany his sister to
their Northwestern home. The man seem-
ed overjoyed at his release, and his sister
was likewise delighted at having dis-
covered his whereabouts.

BULL ON BROADWAY PUTS CROWDS TO ROUT

Caused Panic by Wild Dash
Across City and Then Jumped
Into the East River.

(By Associated Press.)
NEW YORK, March 29.—A big gray bull,
running wild, to-day made a streak
of excitement and panic across the city
from west to east on the line of Forty-second
Street. He sprang into public notice at
Forty-second Street and Eighth Avenue,
knocking down a bicycle rider and he
ended his performances by jumping into
the East River and swimming out to a
reef south of Blackwell's Island, where
he was lassoed and dragged away by
some men in a row boat.

It is supposed that the animal escaped
from one of the Eastside stock yards.
He appeared on Broadway just as the
matinee crowds were gathering and there
was a rush for shelter.

INVITES NATIONS TO PARTICIPATE

President Roosevelt Issues Pro-
clamation in Connection With
Jamestown Celebration.

ASKS ALL TO JOIN IN DISPLAY

Suggests Sending of Naval Ves-
sels and Representatives of
Military Organizations.

(By Associated Press.)
WASHINGTON, March 29.—The Pres-
ident to-day issued a proclamation, invit-
ing the nations of the earth to be rep-
resented by their military organizations
and naval vessels at the celebration to be
held in the vicinity of Jamestown,
Va., from May 18th, until November,
1907. The proclamation is as follows:
"A PROCLAMATION.
Whereas the Congress of the United
States has passed an act, approved
March 3, 1905, and entitled "An act
to provide for celebrating the birth
of the American nation, the first
permanent settlement of English-
speaking people on the western hem-
isphere by the holding of an interna-
tional naval, marine and military
celebration in the vicinity of Jamestown
on the waters of Hampton Roads. In
the State of Virginia, to provide for
the commemoration of said event and
to authorize an appropriation in aid
thereof and for other purposes;"

And whereas section 3 of the said
act reads as follows:
"Section 3. The President of the
United States is hereby authorized to
make proclamation of said celebra-
tion, setting forth the event to be
commemorated, inviting foreign na-
tions to participate by the sending of
their naval vessels and such repre-
sentation of their military organiza-
tions as may be proper."

Now, therefore, I, Theodore Roose-
velt, President of the United States, by
virtue of the authority vested in me
by said act, do hereby declare and
proclaim that there shall be in-
augurated on the year 1907 at the event
near the waters of Hampton Roads,
in the State of Virginia, an interna-
tional naval, marine and military
celebration, beginning May 13th and
ending not later than November 1,
1907, for the purpose of commemo-
rating in a fitting and appropriate
manner the birth of the American
nation; the first permanent settlement
of English-speaking people on the
American continent made at Jamestown,
Va., on the 13th of May, 1607, and
in order that the great events of
the American history, which have re-
sulted therefrom may be accented to
the present and future generations
of American citizens.

And, in the name of the govern-
ment and people of the United
States, I do, therefore, invite all the
nations of the earth to take part in
the commemoration of the event
which has had a far-reaching effect
on the course of human history, by
sending their naval vessels to the
said celebration and by making such
representations of their military or-
ganizations as may be proper.

In testimony thereof, I have now
set my hand and caused the seal of
the United States to be affixed.
Done in the city of Washington this
twenty-ninth day of March, one
thousand nine hundred and five, and
in the Independence of the United
States the one hundred and twenty-
ninth.

(Signed)
THEODORE ROOSEVELT,
By the President:
Alva E. Adee, Acting Secretary of
State.

PRESIDENT ASKS BOARD TO RESIGN

Request Promptly Complied With
by Members of Panama Com-
mission in Washington.

REORGANIZATION COMPLETE

Attorney-General Decides That
President Must Appoint
Seven Members.

(By Associated Press.)
WASHINGTON, March 29.—The first
practical step having in view the reor-
ganization of the Panama Canal Com-
mission was taken to-day, when, in com-
pliance with instructions from President
Roosevelt, Secretary Taft requested the
members of the commission to tender
their resignations. This request was
promptly complied with by those mem-
bers of the commission now in Washing-
ton, and their resignations will be in
the hands of the President to-morrow.

As indicated in the letter of Secretary
Taft, the resignations are requested in
order that the President may have a free
hand in reorganizing the commission.
The President contemplated the reor-
ganization of the commission has been
known for some time, and he has been in
frequent consultation with Secretary Taft
as to his future policy in choosing his
personnel and directing its work. It was
believed originally that better results
might be accomplished by the appoint-
ment of a smaller commission than that
now existing, but a recent opinion of
Attorney-General Moody held that under
the law the President was required to
name seven members in all. The ap-
pointments probably will be announced
by the President during his Southern trip.

Secretary Taft's note to Admiral Walker,
chairman of the commission, was as
follows:
"The President directs me to ask the
members of the commission to hand in
their resignations in order that he may
have a free hand in reorganizing the com-
mission. Please give General Davis, re-
questing that his resignation be for-
warded."

The purpose of Secretary Taft's note
was to General Davis.
Secretary Taft has been informed by
William Nelson Cromwell, general coun-
sel of the Panama Railroad Company, that
he has succeeded in purchasing for the
government all but five shares of the
275 shares of stock of the Panama Rail-
way Company still outstanding, and in
behalf of the President has returned
thanks for Mr. Cromwell's services in the
matter, and regrets he will not accept
compensation for his services.

AMERICAN WARSHIP HUSTLED TO HAITI

Minister Powell Says Serious
Trouble Is Threatened at
Port-Au-Prince.

(By Associated Press.)
WASHINGTON, March 29.—An Ameri-
can man of war will be sent to Port-
au-Prince, Haiti, to-day, in response to
a determination was arrived at to-
day, when the State Department received
a cablegram from Minister Powell say-
ing that serious trouble is pending in
Haiti, and it is doubtful whether the au-
thorities can maintain peace and order
on March 31st and April 1st. The State
Department immediately requested the
Navy Department to dispatch a war
vessel to Port-au-Prince.

The Navy Department, it is stated,
probably will send the cruiser Newark,
Admiral Sigbee's flagship, at Guan-
tanamo, to Port-au-Prince. The distance
is but one hundred and eighty miles, and
the latter port can be quickly reached.
The Newark is expected to arrive at
Guantanamo to-night or to-morrow.

Miner Killed.

Nuney, a miner employed by the Raleigh
Coal Company, at Raleigh, was killed
today by falling stone. L. C. Cornett,
who was working with him, escaped unin-
jured. Nuney was a former resident of
Arlington, Va., to which place the remains
will be sent for burial.

PEACE MOVEMENT STILL UNCERTAIN

Russia Will Pay No In-
demnities—Japan De-
mands Great Sum.

FRANCE STRIVING TO BRING WAR TO END

Delcasse Conducting Confidential
Negotiations With St. Peters-
burg—Pres. Roosevelt Not
Asked by Either Power
to Act—Opposition to
International Conference.

(By Associated Press.)
WASHINGTON, March 29.—Neither
Russia nor Japan has asked President
Roosevelt to assist them in ending the
war, as the Washington govern-
ment is aware Emperor Nicholas has
not yet weakened in his announced de-
cision "to prosecute the war to the bit-
ter end."

The genuine wish of this government
for peace in the Far East is not based
upon selfish interests. American finan-
ciers have not overvalued themselves
with the bonds of either of the belliger-
ent nations. Washington believes that
it is to the advantage of both belligerents
that the Far Eastern war come to a
speedy end, and anything that this gov-
ernment can do to bring that about will
be done gladly. From the outset of the
war the President has taken the position,
as has been repeatedly announced by
Secretary Hay, that he will do anything
in his power to assist Russia and Japan
to a peace basis when his services shall
be acceptable to the belligerents. But
it is not a matter of indifference to the
Washington government that the ambi-
tious to pose as the mediator between
the Czar and Mikado. It is the feeling
here that Russia and Japan should nego-
tiate directly and avoid an international
conference. This opinion also prevails
in Berlin. Indeed, Germany has recently re-
ceived an urgent warning against indirect
negotiations lest they lead to an interna-
tional conference, the results of which
might prove disastrous to the interests
of both belligerents.

Delcasse at Work.

There is authority for the statement
that France is diligently striving to end
the war, and for six weeks past negotia-
tions of the most confidential character
have been in progress between Paris and
St. Petersburg. Even diplomats of the
highest rank have been authorized to
conduct the negotiations, but it can be
announced on the same authority that
Count Lamondorf, the Russian min-
ister for foreign affairs, has within a
week admitted that he had in a general
way outlined to M. Delcasse, the French
minister of foreign affairs, the general
terms of what Russia might consent
to consider peace.

Advices from Europe tell of the fear
prevailing there in Russian quarters that
the activities of Lamondorf and Delcasse
are directed toward an international con-
ference to be held in some neutral coun-
try, such as Stockholm, where
peace negotiations might be conducted.
It is said that this move has, in a
measure, been blocked by the refusal of
Japan to give any indication as to the
peace terms she would accept as the basis
for negotiations. The Japanese are con-
tinuing to insist upon the general
terms of what Russia is prepared to
negotiate in good faith for peace. Not
only does Japan insist upon this assur-
ance, but she prefers to negotiate di-
rectly with St. Petersburg.

With the United States, Germany and
Japan opposed to an international con-
ference to end the war, the belief is
strong in Washington that successful
peace negotiation will date from the day
St. Petersburg communicates with Tokio
direct. The Washington government is
constantly watching for the opportunity
to assist Russia and Japan in settling the
international communication. This would
an international conference be avoided,
and the United States would be in a bet-
ter position to insist upon the main-
tenance of the integrity and administrative
unity of China. No negotiations involv-
ing an attack upon this principle can be
acquiesced in by the United States.

(By Associated Press.)
PARIS, March 30.—An unconfirmed
rumor from St. Petersburg is pub-
lished here this morning to the effect
that Emperor Nicholas made an at-
tempt to commit suicide and wound-
ed himself in the hand. The rumor
further said that the Emperor's de-
sign was frustrated by the interven-

Dowager.

Advance on Kirin.

1 A. M.—There has been no fighting
of importance lately. Reconnaissances es-
tablish the fact that the Japanese are
gathering in heavy forces twenty miles
south of Sipinghai, evidently intending
to attack the Russian position at Siping-
hai. The Russians are strongly fortify-
ing there and apparently expect to make
a stand. The country between is com-
pletely devoid of supplies. The Japanese
are approaching Kirin.

FLEET SIGHTED.

(By Associated Press.)
DURBAN, NATAL, March 29.—The
British steamship Dart, which arrived
here today from Rangoon, February 28th,
reports having passed, March 19th, thirty
warships and fourteen colliers steaming
eastward, 350 miles northeast of the island
of Madagascar.

It is officially confirmed that the Rus-
sian second Pacific squadron, command-
ed by Vice-Admiral Rojestvensky, left
Nossi, an island off the northwest coast
of Madagascar, about March 15th, and if
the warships steamed very slowly they
probably formed the squadron sighted
by the steamer Dart now at Durban.

DISORDER SPREADING.

(By Associated Press.)
ST. PETERSBURG, March 29.—Trust-
worthy reports from Georgia, Russian
Transcaucasia, say that the revolu-

the authorities have been deposed, that
a provisional government has been pro-
claimed, and that the troops decline to
carry out the orders given them.

London was well over-subscribed within
an hour of the time of opening of the
banks this morning.

For an hour before the doors opened
thronged the vicinity of the issuing
houses and throughout the morning
a steady flood of applicants, among whom
were many women, taxed the extra staff
of the banking establishments engaged to
deal with the rush.

Entire New York Fire Depart- ment Called Into Service.

Not Yet Under Control.

(By Associated Press.)
ELMIRA, N. Y., March 29.—Fire of un-
known origin broke out in the store
room of the New York State Reforma-
tory at 12:30 o'clock this morning, and
in an hour's time the flames fanned by a
brisk east wind, had entirely enveloped
this building and one adjoining it to
the east. The burning buildings are lo-
cated at the southwest corner of the in-
stitution and extend to the center gate,
where it is hoped the progress of the
flames can be stayed by a heavy fire
wall.
